# REPORT OF THE DIRECTORS

TO THE ANNUAL MEETING OF THE FULL BOARD, APRIL 10, 1865.

GENTLEMEN :

In behalf of your Directors, I have the honor to submit the following Report, showing the condition of the affairs of the Board. The amount of assets on hand at the last Annual Report, was \$8,698.34, composed of the following items, viz :

Cash in hands of the Treasurer.....	\$2,644.66	
“ “ “ Secretary.....	1,353.73	
U. S. 7-30 Bonds.....	2,000.00	
Jno. S. Newhouse's note.....	2,700.00	
		<u>\$8,698.39</u>

The following is a statement of the affairs of the Board at the present time ; assets made up of the following items, viz :

Cash in Treasurer's hands.....	\$ 208.57	
U. S. 7-30 Bonds.....	2,000.00	
Jno. S. Newhouse's note.....	2,700.00	
		<u>\$4,908.57</u>

The receipts for the past year amount to.....\$59,999.15  
from the following source, viz :

Cash in the hands of the Secretary and Treasurer, last annual report.....	\$3,998 39	
Received for Inspection.....	33,696.33	
“ “ table rent.....	2,365.50	
“ “ Initiation fees.....	2,090.00	
“ “ Annual assessments.....	14,000.00	
“ “ Second Clerk's Tickets.....	15.00	
“ “ Assessment to War Fund.....	3,490.00	
“ “ Inspection Tickets.....	19.50	
“ “ Interest on U. S. Bonds.....	324.43	
		<u>\$59,999.15</u>

The disbursements for the same time were as follows, viz :

To Inspectors and inspection account.....	\$27,258.50	
“ War Fund.....	12,427.57	
“ Mulligan Fund.....	1,000.00	
“ Other purposes.....	2,342.49	
“ Market reports.....	3,681.30	
“ Annual reports.....	1,747.66	
“ Secretary's salary.....	4,000.00	
“ Circulating account.....	433.80	
“ Contingent expenses, rent, fuel, gas, labor, sta- tionery, etc.....	6,899.26	
		<u>\$59,790.58</u>

The War Committee is now dependent on the Board of Trade for funds to disburse to the soldiers' families. The annual assessment for the ensuing year is affixed at \$25. In the early part of the past season large profits were realized from nearly all classes of trade, but later, business became embarrassed in consequence of greater fluctuations having occurred in prices of the leading articles of merchandise than ever before. The rates of premium on gold having declined from 192 to 47 per cent. within the past eight months, rendering many investments very unprofitable. And yet a greater amount of business has been transacted on the Board than in any previous year since its organization. In view of lower prices prevailing, and with the present prospect of an early and permanent peace, many of our merchants have made great sacrifices in order to reduce stock and prepare themselves for any emergency that may arise. And yet nearly every member has met his obligations promptly, and no important failures have transpired during the past season.

The large yearly increase of members, renders the occupation of the new Exchange Rooms extremely important, and it is now contemplated that they will be ready for use in the early part of July, although great delay has occurred in consequence of the difficulty in obtaining competent workmen to execute the work to enable the contractors to fulfill their engagements.

In retiring, I desire to say, that it is of great satisfaction to me that I have been so closely identified with this reliable and patriotic body of men since the breaking out of the war, and that I have the pleasure of knowing, that under the auspices of this Board, great good has been done in support of our Armies and the Government, in putting down this great Rebellion.

I thank God that the great struggle is over, and National Liberty predominates throughout the land. The war which has prevailed the past four years has established the fact that no nation on the earth has endured greater hardships and privations than the American people, in fact, no nation has ever been put to so severe a test. And on the day of the announcement of the surrender of the great armies of the enemy, I surrender the Administration of the affairs of this Board into other hands, with the hope that it may be animated with new life, and that business will soon return to its former reliable basis. In conclusion, allow me to express my sincere thanks and appreciation for the co-operation and support afforded me during my administration in the discharge of my duties as President of this Board, and hope that the future history of this association may prove to be as brilliant as the past, and a credit to trade and commerce for all time to come.

JOHN L. HANCOCK, President.

. CHICAGO, April, 1865.

COL. JOHN L. HANCOCK,

PRESIDENT OF THE BOARD OF TRADE:

SIR,—I have the honor to submit the following Report of the Trade and Commerce of Chicago for the past year:

In the year just passed the country has probably been more successful in every department of business than in any previous year of its history. The Merchant and the Mechanic, the Manufacturer and the Artist, have reaped a rich harvest from their labor, and even the Farmer, notwithstanding "the Midge," "the Chinch Bug," and "the Rust," has been enabled to remove the mortgage from his lands, and have a surplus of "greenbacks" laid up for a rainy day.

It is true that speculation has been too much the order of the day, and buyers and sellers of "long," "short," and "spot," have passed through all the gradations of fortune, from the lower to the higher round, and in many instances have returned to the starting point, if not to a step lower, but it is to be hoped that with the return of peace this fever of speculation will abate, and trade will be conducted on a more thoroughly legitimate basis.

The Board continues to increase in numbers and prosperity, the record showing that since the last Annual Report two hundred active members have been added to the list, forming a body whose energy and enterprise exert an influence, not only in the State of which our City forms a part, but throughout the whole North-west; nor has that influence been confined to Commerce alone, but as Patriots they have stood firmly with the shoulder to the Government, sustaining it in all things, never doubting, but ever ready to contribute of their strength and means for its support.

Whilst some have contended that for such Corporations to take an active part in aiding the Government in its time of trouble, was to convert the organization into a political machine, this Board have believed that there was a difference between politics and patriotism, and, acting upon that belief, they have been eminently patriotic; and now, when by the blessing of Divine Providence this unholy rebellion has been put down, when the "dear old flag," which has passed through such a terrible baptism of fire and blood, and without one star dimmed floats peacefully over every hill-top and valley, over every lake and river of our undivided country, and our brave soldiers are returning to their homes to enjoy that peace and the great privileges for which they have so nobly fought, this Board has been more than a thousand times repaid for all they have done or tried to do, by the gratitude which has been manifested by those who bore its name upon their flags on many a field of battle.

With the expression of gratitude for the many evidences of your confidence and esteem, I am,

With high consideration, Colonel,

Your very obedient servant,

JOHN F. BEATY, SECRETARY.

SECRETARY'S OFFICE, BOARD OF TRADE ROOMS,  
CHICAGO, April, 1865.

# Grades of Grain and Rules of Inspection

ADOPTED BY THE

BOARD OF TRADE OF THE CITY OF CHICAGO,

AND TO TAKE EFFECT ON THE

FIRST DAY OF DECEMBER, 1864.

---

## WHEAT.

### *Winter Wheat.*

EXTRA WHITE—To be pure white, sound, plump and well cleaned.

No. 1 WHITE—To be pure white, sound, and reasonably clean.

EXTRA RED—To be Red Winter Wheat, or Red and White mixed, sound, plump and well cleaned.

No. 1 RED—To be pure Winter Wheat, Red, or Red and White mixed, and reasonably clean.

No. 2 WINTER—To include inferior, shrunken, or dirty Winter Wheat, either Red or White, or mixed.

REJECTED WINTER—To include all Winter Wheat, so much damaged from any cause, as to make it unfit for flouring or warehousing.

In case of a mixture of Spring with Winter Wheat, it will be called Spring Wheat, and graded according to the quality thereof.

### *Spring Wheat.*

CHICAGO EXTRA—To be sound, plump, and well cleaned Spring Wheat, and strictly choice flouring Wheat.

No. ONE—To be reasonably clean, free from other grain and Rice Wheat.

No. TWO—Will include inferior or dirty Wheat.

REJECTED—All Wheat so much damaged from any cause as to make it unfit for flouring or warehousing.

BLACK SEA—In no case to be graded higher than No. One Spring, and

RICE WHEAT—No higher than No. Two.

HARD PFIFE—Wheat, though in other respects "Extra," will be graded No. One.

All Wheat to be weighed and entered on Inspector's books.

## CORN.

WHITE—To be pure White, and in all other respects, to be No. One Corn.

YELLOW—To be pure yellow, and in all other respects, to be No. One Corn.

No. ONE—To be sound, dry, plump and well cleaned.

No. TWO—To include all other Corn, dry and merchantable, and reasonably clean.

REJECTED—All wet, very dirty, hot and otherwise badly damaged Corn, unfit for warehousing.

### RYE.

No. ONE—To be sound, plump, and well cleaned.

No. Two—All Rye not included in No. One, that is not, in the judgment of the Inspector, unmerchantable.

REJECTED—All unsound Rye, that from any cause, shall be deemed unmerchantable, and unfit for warehousing.

### OATS.

No. ONE—To be sound, free from other grains, and well cleaned.

No. Two—All other Oats not unmerchantable.

REJECTED—All Oats unsound, or from any cause unmerchantable, and unfit for warehousing.

### BARLEY.

No. ONE—To be plump, bright, clean and sound, and free from other grain.

No. Two—To be sound and reasonably clean.

REJECTED—Unsound, unmerchantable, and unfit for warehousing.

All "REJECTED" Grain being, by the above Rules of Inspection, of a very poor quality, all warehousemen are respectfully and urgently requested not to receive it into their several elevators.

And all Inspectors must make their reasons for grading Grain, when necessary, fully known by notations on their books.

At a meeting of the Board of Directors of the Chicago Board of Trade, the following recommendations were adopted as rules of the Board :

1st. That all Grain arriving in bulk be inspected and received into the house for such grade only as the Inspector shall decide, except when sold on the track for grinding, city consumption, or shipment, and the Inspector shall in no case make the grade above the lowest quality found in any lot of Grain, when it has evidently been mixed or "doctored" with the view of changing the grade, and that our warehousemen be requested to refuse all bagged Grain which shall have been bagged for this express purpose, and that all our railroad companies be requested to prohibit all bagging on their tracks, except for local consumption or shipment.

2d. That it be made the duty of all Inspectors of Grain to report to the Inspection Committee all attempts to defraud our inspection system. They shall report in writing every instance when warehousemen deliver or attempt to deliver Grain of a lower grade than that called for by the warehouse receipt. They shall also report any and every attempt of a receiver or shipper of Grain improperly to instruct or in any way influence the action or the opinion of the Inspectors, and also all other attempts to defraud the inspection system, and when the charges shall be sustained, it shall be the duty of the Inspection Committee to put the same on the bulletin board of the Exchange rooms.

It shall be the duty of the chief Inspector to keep a record of the weight of Grain inspected into and out of each warehouse, which record shall be open to the inspection of any member of the Board during business hours, and that he report daily the average weight of the receipts and shipments of each grade into and out of each warehouse, which report shall be posted on the bulletin board.

The inspection of Wheat has not been changed except in name: "Extra" will take the place of the former "No. ONE"; the above "No. ONE" the place of the former "No. Two"; the above "No. Two" the place of the former "REJECTED"; so that the present "REJECTED" will stand as the former "No GRADE," which latter term will hereafter be abandoned in its application to any kind of Grain.

### CORN, OATS, RYE AND BARLEY.

One grade has been stricken from each of these Grains; that which was formerly graded "REJECTED" will be consolidated with "No. Two," or, in other words, the two grades of "Two" and "REJECTED" will be combined, and known as "No Two." Rejected Grain of all kinds will be known and treated as the former "No GRADE."

# CLASSIFICATION OF FLOUR, AND RULES OF INSPECTION

ADOPTED BY THE  
BOARD OF TRADE OF THE CITY OF CHICAGO,  
MAY 26, 1863.

---

1st. SOUND. To be strictly sound, free from any and every defect or fault causing either smell or taste.

2nd. WEEDY. Flour made from wheat that has come in contact with a noxious weed, imparting an unpleasant smell, which it is supposed will cook out.

3rd. UNSOUND. All flour not "Sound" or "Weedy," whether the unsoundness is derived from the condition of the wheat, or has originated in the flour. The Inspectors are required to note on their certificate the character of the unsoundness, such as *musty, hard sour, soft sour, or slightly unsound*—the latter indication of the unsoundness being intended to indicate that the flour will probably work sound for immediate use and is but slightly depreciated in value.

All flour that inspects "*sound*" and full weight, shall be branded, and none other; and it shall be the duty of the Inspectors, when working to a sample, to state on their certificate the number of barrels above or below the sample, and have a sample or samples of the same, which the parties may examine; also to state on their certificate, when the flour is "Unsound" or "Weedy," the number of barrels of each description, and also, when practicable, the number of barrels that are so stained or out of condition as to depreciate the market value of the flour. The Inspectors shall satisfy themselves in regard to the weights, and in case they deem it necessary to strip some of the flour, they shall be entitled to twenty-five [25] cents for each barrel so stripped (if it proves to be short weight) in addition to the regular fee of two cents per barrel for inspecting and branding. The charge for stripping shall be paid by the seller. No certificate shall be issued for a part of a lot of flour inspected, without the consent of both the buyer and seller. The Inspectors shall only be liable to damage for any discrepancy between the flour for which a certificate is issued and the sample which they retain of the flour so inspected, unless the buyer hands them the sample to inspect by.

## *Rules for the Adjustment of Short Weight of Flour, in the absence of any special understanding between Buyers and Sellers.*

1st. Flour shall be sold on the basis of one hundred and ninety-six pounds to the barrel.

2nd. In case of short weight, the buyer shall be allowed for such shortage at the rate he pays, and three-fourths of a cent per pound on same for freight, and, in addition, five [5] cents per barrel for the expense of refilling.

## RATES OF COMMISSIONS, BROKERAGE, ETC., FOR 1864.

BOARD OF TRADE ROOMS, CHICAGO, May 10th, 1864.

The following Rates of Commission were adopted by the Board of Trade of the City of Chicago, to take effect on and after Monday, May 16th, 1864:

### COMMISSIONS FOR SELLING.

On Wheat, Rye and Barley, received by Railroad.....	1½c	per bushel.
On Corn and Oats received by Railroad.....	1c	" "
On all Grain received by Canal, except Wheat.....	¼c	" "
On Wheat received by Canal.....	1c	" "
On all Grain in bags.....	2c	" "
On Flour.....	2½	cent.
On Provisions, sales of \$1000 and over.....	1½	" "
"    sales under \$1000.....	2½	" "
On Dressed Hogs.....	2½	" "

On Broom Corn, sales of \$500 and over.....	2½	" "
"    sales under \$500.....	5	" "
On Hides and Seeds, sales of \$100 and over.....	2½	" "
"    sales under \$100.....	5	" "
On Butter, Cheese, Eggs, Beans, and Dried Fruit, sales of \$300 and over.....	2½	" "
"    sales under \$300.....	5	" "

All property not enumerated to be subject to agreement between the parties. When advances are made, an additional charge of one per cent. should be added on amount advanced, and ruling rates of interest.

### COMMISSIONS FOR PURCHASING.

On all kinds of Grain, by cargo or otherwise.....	1c	per bushel.
On Flour, in lots of 500 bbls. and over.....	7½	" barrel.
"    under 500 bbls.....	10	" "
On Provisions in lots of \$1,000 and over.....	1½	cent.
"    under \$1,000.....	2½	" "
On Highwines.....	1	" "
On Broom Corn, in lots of \$500 and over.....	2½	" "
"    under \$500.....	5	" "
On Butter, Cheese, Eggs, Beans, Hides and Seeds, in lots of \$100 and over.....	2½	" "
"    under \$100.....	5	" "
On Dressed Hogs.....	1½	" "

When advances are made, one per cent. should be charged on the amount so advanced with ruling rates of interest.

### BROKERS' FEES, PURCHASE OR SALE.

On all kinds of Grain.....	½c	per bushel.
On Provisions.....	¼	cent.
On Highwines.....	10	" barrel.
On Flour, for buying.....	2½	" "
"    for selling.....	5	" "
On Salt, for buying or selling.....	2	" "

A broker shall be allowed to buy or sell only for members of the Board of Trade, except on regular commission.

On all property sent to this market for sale, and subsequently, by orders, sent to other other markets, the consignee here is entitled to full commissions.

The Commission Merchant shall be entitled to any drawback from any Insurance Company, as a compensation for effecting Insurance.

## BOARD OF TRADE INSPECTORS.

*Inspector of Grain*—T. T. GURNEY.*Inspector of Provisions*—O. H. TOBEY.*Inspector of Fish*—J. H. LATHROP.*Inspectors of Flour*—CRIGHTON & RATHBORNE.*Inspector of Highwines*—OTTO HARTUNG.*Weigh Master*—JAMES B. DARLING.*Inspector of Cooperage*—R. C. ROWNSAVELL.

## RATES OF INSPECTION.

## GRAIN.

For Inspecting Grain from or into Cars, per car.....	20c.
“ “ “ aboard of Vessels, per M. bushels.....	40c.
“ “ “ from Canal Boat, per boat.....	100c.
“ “ “ in Sacks, per bushel.....	$\frac{1}{2}$ c.
“ “ “ into Sacks, per M. bushels.....	50c.

## FISH.

For Inspecting, Unheading, Heading, Weighing, Repacking, Brining and Branding, per barrel.....	20c.
“ “ “ “ “ “ “ “ “ $\frac{1}{2}$ “.....	10c.
“ “ “ “ “ “ “ “ “ $\frac{1}{4}$ “.....	5c.
“ Each Extra Hoop.....	2c.
“ “ “ Head.....	25c.

## FLOUR.

For Inspecting and Shipping, per barrel.....	25c.
“ “ .....	2c.

## FLOUR.

The receipts of Flour during the year ending March 31, 1865, amounted to 1,170,274 barrels, against 1,424,055 barrels received during the preceding year. The total shipments of Flour during the same year amounted to 1,287,545 barrels, against 1,507,816 barrels in the year 1863-4. These statistics show a slight decrease in the trade for the past year, but this is due chiefly to the unsettled state of the markets, and the fluctuations in gold, as well as to the high rates of freight that ruled after the close of navigation. The manufacture of Flour in the city, during the year, amounted to 290,137 bbls., against 223,123 barrels manufactured during the previous year.

## WHEAT.

The receipts of Wheat in this city, from all sources, during the year ending March 31, 1865, amounted to 10,888,436 bushels, against 12,461,554 bushels received in 1863-4. This falling off in the supply of Wheat is chiefly due to a partial failure of the crop in the Northern portion of Illinois and in Wisconsin. The yield of Winter Wheat was also very light in Central and Southern Illinois; but the quality was generally good. The quality of the Spring Wheat was also fair, and its condition, when marketed, fully up to the average.

It is generally supposed that owing to the scarcity of hands in the country, and the large amount of Oats shipped, that a much larger proportion of the crop of 1864 was kept over after the close of navigation than is usual; but on this there is some little difference of opinion. Owing to the low stage of water on the Mississippi river, last fall, buyers in Northern Iowa and Minnesota met with great obstacles in marketing the crop, and it is generally reported that a considerable quantity is yet to come forward.

## CORN.

The receipts of Corn during the year ending March 31, 1865, amounted to only 13,197,340 bushels, against 25,160,516 bushels during the preceding year. This heavy decrease in the receipts during the past year is wholly attributable to the failure of the crop of 1863, which, it will be recollected, was nearly destroyed by early frosts. In consequence of this, Corn all over the West has been scarce, and prices have ruled unusually high.

The crop of 1864 was considered a fair average yield, and the quality is excellent. On account of the scarcity of old Corn, it was marketed much earlier than usual, and this has contributed towards swelling the receipts of the past year beyond what they would have been had the new crop been held back for several months after it was harvested, as is usual.

[illegible]

## OATS.

The receipts of Oats during the year ending March 31, 1865, amounted to 16,135,440 bushels, against 11,005,743 bushels in the preceding year. The active demand which has existed for Oats by the army for two years past, and the comparatively high prices which they brought, have stimulated the cultivation of this crop all over the United States—particularly in Illinois, Iowa and Wisconsin. Hence the extraordinary receipts in this market during the past year.

## RYE.

The receipts of Rye, during the year ending March 31, 1865, amounted to 1,077,776 bushels, against 747,295 bushels received during the preceding twelve months. The shipments during the same period amounted to 898,536 bushels, against 683,946 bushels, during the year 1863-4.

This increase in the trade in Rye, during the past year, is due mainly to a more abundant crop, but the stoppage of distilleries, all through the West, on account of the imposition of the two dollar tax, lessened the consumption in the interior, and thus the receipts to our market were swollen to some extent.

## BARLEY.

The receipts of Barley during the year ending March 31, 1865, amounted to 893,000 bushels, against 1,244,584 bushels during the preceding year. The shipments of Barley during the same period amounted to 327,431 bushels, against 943,252 bushels 1863-4. This falling off in the trade in Barley is due mainly to the inferior quality of our crop, as compared with former years, and partly to the decrease in the demand at the East.

THE PROVISION TRADE.

Chicago continues to rank foremost in the United States as a Pork and Beef-packing point, and this renders it the leading Provision market in the West. Cincinnati, Saint Louis, and Louisville—which but a few years since were more prominent packing points than Chicago, are now only of secondary importance. The same causes which have made Chicago the greatest grain mart in the United States, have contributed towards making it the most important provision market. The development of the great Northwest, and the rapid extension of the lines of railroads which centre in this city, have rendered this the chief collecting-point for the immense herds of beeves, which annually graze on the Western prairies, and for the enormous crop of hogs which is raised by the farmers and stock-breeders; and wherever the hogs and cattle are, there will concentrate the capital to purchase, to pack and to ship the product to the Eastern States and Europe.

During the past year, owing to a falling-off in the crop of hogs, the business in this particular does not show an increase; but when we take into consideration the falling off at all other points, the result is satisfactory, and sufficient to demonstrate that in the Provision Trade, Chicago leads the United States.

HOGS AND HOG PRODUCT.

The following table shows the receipts and shipments of Hogs at Chicago during the past seven years:

Receipts and Shipments of Hogs for Seven Years.

YEAR.	RECEIVED.			FORWARDED.		
	Live.	Dressed.	TOTAL.	Live.	Dressed.	TOTAL.
1858.....	416,225	124,261	540,486	159,181	32,832	192,013

## PORK PACKING AT CHICAGO DURING 1864-5.

The following table gives full particulars of the Pork Packing at Chicago during the season of 1864-65. From this it will be seen that the total number of Hogs cut and packed in this city by the various packers amounted to 760,514, against 904,659 during the preceding season. This falling off is wholly attributable to a decrease in the crop; and when we consider the falling off at other points, the statistics given show an increase rather than a decrease for Chicago. This is more apparent when it is recollected that during the past season about one-third of the entire packing of the West was done in Chicago.

It is a noticeable fact in connection with the Pork Packing during the past season, that we have had a large accession to the list of packers—many of whom have come here from successful fields of operations in other parts of the country.

BEEF CATTLE AND BEEF PRODUCT.

The roceipts of Beef Cattle during the year ending March 31, 1865, amount to 343,-726 head, against 300,622 head received during the previous year. The Shipments of Beef Cattle during the year amounted to 262,446 head, against 187,068 head, shipped, during the previous year.

The above figures demonstrate the growth and magnitude of the the trade in Beef Cattle during the past twelve months. Since the year 1860, the receipts at this point have increased within a fraction of 100 per cent.—a rate of growth scarcely paralleled by any other trade. Besides the usual shipping inquiry, to supply Eastern cities, there has, for upwards of three years past, been a steady demand to supply our armies in the field, and nearly all the contracts let by the Government, have been filled in this mar-  
ket.

The Beef-Packing, during the past Season, amounts to 92,459 head, against 70,086 head, during the previous season. This is the largest number, by upwards of 22,000 head, ever before packed in our city during one season, and when we take into consider-  
ation the fact that but a small proportion was put into Tierce Beef, for Foreign markets, some estimate can be formed of the increase of the home demand during the past year. Chicago has always stood at the head of the best of Beef-Packing points; and there is at present, no probability of any other point competing successfully for the honor.

## THE LUMBER TRADE.

The receipts of Lumber at this port, during the year ending March 31, 1865, amounted to 501,592,406 feet, against 413,301,818, during the previous year. These figures demonstrate that the trade during the past year has been greater than that of any other, in our past history: exceeding that of 1857, by nearly fifty million feet. This great increase in the trade was partially due to the low water in the Mississippi River, during the season of 1864, which prevented Lumber from coming down from the tributaries of the upper Mississippi; in consequence of which, Chicago had to supply a large portion of territory which is generally supplied from the above source.

We are unable to give a detailed statement of the Stock of Lumber on hand, at the close of the Season, in consequence of the failure of the Lumber Dealers to prepare their usual Statistics on the subject; but the estimated stock, on the 1st of January, made by reliable parties, was 90,000,000 feet of Lumber; 28,000,000 of Shingles, of which about four-fifths were sawed; 7,000,000 pieces of Lath; 25,000,000 Posts; and 300,000 Pickets.

It is needless to state that the trade, during the year, was highly prosperous, both for manufacturers and dealers.

### *Receipts of Lumber, Shingles and Lath, for Nine Years.*

## HIGHWINES.

The manufacture of Highwines in this city, during the year 1864, amounted to only 58,855 barrels, equal to 3,498,345 gallons. This shows a material decrease, as compared with 1863; but it is due entirely, to the passage of the tax by Congress, which enabled holders of old stocks to sell at lower prices than the manufacturer could furnish them for.

The receipts of Highwines, in this city, during the year ending March 31, 1865, amounted to 102,032 barrels, against 137,947, received during the preceding year. This falling off is also due to the cause stated above.

The trade, during the year, was unsettled and irregular, and prices fluctuated very materially, according to the expected legislation on the question of taxation. Since the passage of the two-dollar tax, comparatively little has been manufactured in this State.

*Highwines manufactured in Chicago for Nine Years.*
